Soldiers Lick Sox by Disgraceful Score, and Whip Mexicans Sunday.

As an added number to the policemen's benefit program pulled off at Washington park Sunday, the 21d infantry and the internationals staged a one-sided kaseball game. The score of 5 to 1 in favor of the army told the story in polite terms. The game was limited to seven innings in order to allow the policemen to put on their part of the abow. As it was the game lasted one hour and it minutes.

The first feature occurred in the first inning, when the three sacks were held down by 22d infantry runners, and Erickson swiped out a three bagger, bringing them all in.

Saturday's Game.

A slow game of one old cat was played Saturday afternoon out on the fown lot in East El Paso. The undertaker was not called, but some of the few fans present looked very ill during the performance. The final score was finally 22d infantry, 15, White Sox, 9. Scorekeeper Culpepper had an awful time keeping up with the runs, and was counting on his toes after the first faw innings.

The management forgot to announce that Saturday's game, as Sunday's

The management forgot to announce that Saturday's game, as Sunday's game, would be exhibition play, and the awful things that happen will not change the standing of the City league. With two teams away visiting, and many missing from the lineups of the stay at home teams, it is just as well.

In the fourth inning of Saturday's game the infantrymen hatted out seven runs. And from that time on the Sox aviate, merrily. The pitchers were off their form, and even the man with the mattress fumbled. Almost every-hody walked once or twice. A soldier in uniform decorated the first sack for the Sox, who were short many men, as Sories seemed to raily, and twice they had the bases full. Two runs was the result, by accident it seemed. The few fans there made as much noise as

they could: The funeral march went like this: 22d Infantry—

The soldiers' team Saturday was handicapped by the absence of Schem-erhorn. Freekbaum, pitchers, and Pakrent, left fielder. They also were handicaped by someone who wasn't ab-sent.

Edeut F. H. Terrell, of the 22d team, has been some ball player in his time. He played with Dartmouth college four years. He also was some sprinter in his day, and baseball is an idle pastime. Terrell won a gold badge for doing 100 in 2.4 at Princeton university.

a Ball Booster Needed.

Douglas, Aria, May 20—As effort is being made by several of the fans, as well as a number of amateur hall players, to organize a four team league to play for the champlonship of the city. Recent reports are that there is a good opportunity for the effort being crowned with success.

The probable members of the league will be the Copper Queen, C. & A. C. & A. Engineers and Y. M. C. A. The first three have teams partially organized, while the latter has a good fast amateur team already in the field. The chief hitch, up to the present, has been on account of the Copper Queen team. This aggregation is said to have been slow about forming, owing to the fact that no one has volunteered for the position of manager.

that no one has volunteered for the jusition of manager.

When interviewed recently members
of the corps of engineers working upon
the new Calumet and Arizona smeller,
said that they could and would organize a team and enter the field.
Someone who will take hold and
push through the organization of the
league and aid in establishing a schedule, with the possible addition of offering a permant for the champion team,
is the only element lacking in the
present situation to make for a geon
amaticur ball season.

Bowling Toursey.

The next bowling attraction at the Y M C A will be a duck pin tournament for which teams are now being organized. The exact date upon which the first games will be played has not yet announced. It will probably be about the middle of next week, however.

Balls and strikes was very poor. John son notified Quinn that he had been suspended for an indefinite period. No action was taken against the other players who had been put out of the game.

HAYDEN RAISES \$100

In the tournament just closed some of the players showed remarkable improvement in averages. While so many high scores were not made, the general averages throughout were higher than in any previous contest.
